

## 2025-2026 All Possible Liberal Arts Choices + Departmental Electives

**Please be aware that our elective lists and planning schedules are for planning purposes only** and know that section offerings are based on needs and enrollment levels each term. To be fiscally responsible we target having minimum course enrollments of 12 or more. However, there may be a variety of reasons that we might keep low-enrollment sections if we can be confident that enrollment levels will be maintained, or if we need to meet student graduation timelines or financial aid eligibility. There may also be classrooms with lower enrollment caps to maintain safety, or due to resource limitations.

**Final section offerings are determined approximately three weeks prior to the start of each term. Term section lists should not be considered final until that time.** Lists will be updated on this site three weeks prior to each term. We do our best to estimate needs and make **initial adjustments to offerings approximately five weeks prior to term starts**, just before schedules are released to students for the upcoming term(s).

Students must meet the prerequisites for courses to register for them. Students may also be able to take courses not listed here, or from a program outside their major as electives and should reach out to their Academic Advisor and obtain Program Department Chair approval in order to do so.
