UnCaged

Team development for a story of a flightless Prince joining a rag-tag team of sky pirates. Part of a group project made in the junior level class, Drawing and Acting for Animation.

Tiffany Pilgrim and Devon Cleland, Captain Haze, 2018

The artists consisted of:

Tiffany Pilgrim
Josh McGrew
Tiffany Van Horne
Devon Cleland

They collaborated to develop a short story based off of assigned archetypes, each member contributed in various ways including lineart and coloring, printing, matting and keeping track of schedule to make sure everything was hung for final critique.

Captain Haze the Stork - A rough and tumble captain that has seen the world and has a fierce and fair approach to manning her ship.

The Prince - The flightless prince is ousted from his home and forced to band together with the group of pirates. Learning that his worth is not in his ability to fly but in his ability to negotiate and act as an ambassador.

Misty the Bat - A fun loving bat that works on the ship. Given the fact that she is the only one who has fingers, she was given the role of chef.

Smoker the Blackbird - The last member is a scavenger bird that collects shiny objects - as the only member that can't 'talk', he communicates through loud squawks.
