STUDENT HOUSING FACT SHEET

HOUSING OPTIONS

RMCAD does not currently offer on-campus housing, however there are many college housing options available in the area. First-time freshmen are encouraged to apply to the Assembly Student Living, The Villas, Auraria Student Lofts, or COLAB Apartments, which offer safe, affordable housing with student-centered communities. Additionally, many RMCAD students choose to find apartments in the areas surrounding campus. It is important to note, student housing options do not include meal plans.

THE ASSEMBLY STUDENT LIVING

» Prices range from $975 per month (including utilities)

» Multiple floor plan options available

» All rooms are fully furnished

» 15-20 minutes from campus near Coors Field and Downtown Denver

» Free shuttle runs between the Assembly and campus Monday through Friday

» Free parking and bike storage

» Private study spaces, laundry, gym, and game room

AURARIA STUDENT LOFTS

» Prices range from $1,000 - $1,450 per month (including utilities)

» Limited floor plan options

» All rooms are fully furnished

» 20 minutes from campus in the heart of Downtown Denver

» Students take the free 16th Street Mall ride to Union Station then catch the W line to the Lamar Station to get to campus

» Private study spaces, laundry, pool, yoga and fitness center

COLAB

» Prices range from $905 - $2,201 per month (including utilities)

» Multiple floor plan options available

» All rooms are fully furnished

» 15 minutes from campus and close to Downtown Denver

» Near the Auraria Station RMCAD shuttle stop

» Pet friendly

» In-unit laundry, yoga, fitness center, movie lounge

THE VILLAS

» Prices range from $960 - $2,880 per month

» Three bedroom floor plan with private rooms

» All rooms are fully furnished

» 15-20 minutes from campus near Coors Field and Downtown Denver

» Free shuttle runs between the Villas and campus Monday through Friday

» Pet friendly with dog park

» In-unit laundry

rmcad
ROCKY MOUNTAIN COLLEGE OF ART + DESIGN

OTHER HOUSING OPTIONS

There are many apartment complexes and rental options available within close proximity to campus. The property listings we have on our site include locations where previous students have had success and where access to campus has been easily available. You can see the frequently updated list here: rmcad.edu/housing.

APARTMENTS

Student housing is generally more affordable and more convenient for students. However, there are many apartments available in nearby locations such as Lakewood, Edgewater, and Wheatridge. For students who don't mind a short commute before and after class, Golden, Arvada, Thornton, Westminster, and Littleton are also great areas to look for housing. Students that are looking for something closer to Downtown should consider Capitol Hill, Wash Park, and the Baker area. To minimize rental costs, we recommend students live with at least one roommate.

» $1,800 average cost for one-bedroom apartment

» $2,500 average cost for two-bedroom apartment

» Utilities and internet not included

» Water, trash, and sewage billed with rent, but prices can fluctuate monthly

» Most apartment units are not furnished

» Utilize third party furniture rental company to furnish spaces before moving in

ROOMMATES

If you're searching for a roommate, the Office of Student Life can provide a copy of the roommate form, or you can contact housing@rmcad.edu to request a form. Student Life will post a copy of your completed form to the Housing Group and the Housing Public Channel on the RMCAD App, so that other students can see it and contact you.

The RMCAD App is a great place to connect with other RMCAD students and share what you are looking for so others can get in touch with you. You can check out both the Housing Group and Housing Public Channel to view other roommate postings and post on your own as well.

You can post flyers around campus to search for roommates, but be sure to get it approved by the front desk for placement on the bulletin boards! Chances are that you'll bump into someone else who's looking for a roommate, too!

ANIMATION

ROCKY MOUNTAIN COLLEGE OF ART + DESIGN
**RMCAD**
est.1963
DENVER, COLORADO
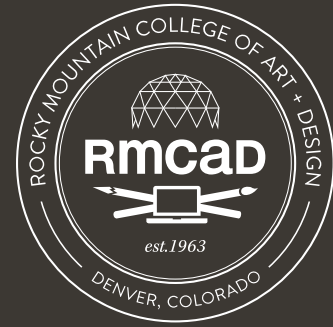

As a student in the Animation BFA degree program (on campus or online), you'll explore the field of animation through the production pipeline levels. You'll hone your skills as an animator with hands-on training in visual storytelling and motion study courses that will help prepare you for the real world of professional animation production.

RMCAD's animation is focused on teaching students the technical skills and techniques needed to create original animation and compelling narratives. You'll not only graduate with an incredible portfolio, you'll leave RMCAD with the ability to communicate through animation production. Your coursework and robust portfolio reviews at the Sophomore, Junior, and Senior levels, will prepare you to graduate with a comprehensive skillset and your own unique style in 2D or 3D animation.

PROGRAM OUTCOMES

Program outcomes can be found in the RMCAD Academic Catalog and serve the Institutional Learning Outcomes. These are Rocky Mountain College of Art + Design's overarching goals and competencies, which include: cultural competence, communication competence, design competence, and critical thinking. In addition to meeting program outcomes, students enrolled in Animation will also fulfill requirements in Liberal Arts and Foundations.

ART EDUCATION

ROCKY MOUNTAIN COLLEGE OF ART + DESIGN
RMCAD
est.1963
DENVER, COLORADO
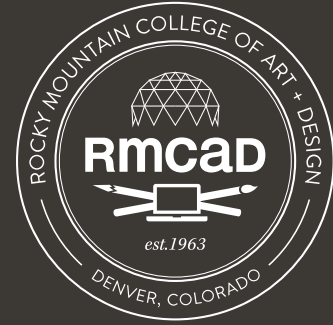

RMCAD's Art Education BFA degree program (available on campus and online) helps students learn how to become art teachers and educators by acquiring the technical tools and teaching philosophies they need to help them hone their skills both as an artist, and as a teacher!

As a student in the Art Education program, you'll get critical, on-the-ground teaching experience via 200 hours of required classroom observation and 16 weeks of full-time and in-person student teaching. The in-classroom hours in your community will allow you to develop real-world job skills that set you up for success in the classroom.

The program is approved by the Colorado Department of Education (CDE) for initial K-12 teacher licensure in visual arts in the state of Colorado.

PROGRAM OUTCOMES

Program outcomes can be found in the RMCAD Academic Catalog and serve the Institutional Learning Outcomes. These are Rocky Mountain College of Art + Design's overarching goals and competencies, which include: cultural competence, communication competence, design competence, and critical thinking. In addition to meeting program outcomes, students enrolled in Art Education will also fulfill requirements in Liberal Arts and Foundations.

ILLUSTRATION

ROCKY MOUNTAIN COLLEGE OF ART + DESIGN
RMCAD
*est.1963*
DENVER, COLORADO
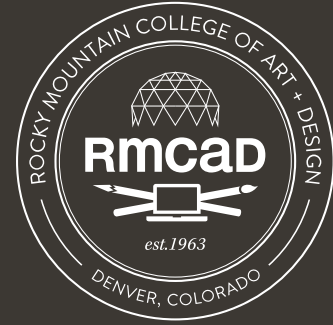

As a student in the Illustration BFA degree program (available on campus and online), you will study the technical aspects of illustration, as well as the business practices that allow you to be successful in the industry. You'll be taught by experienced faculty who are also working professionals in the field of illustration. They'll help you define your artistic style and establish yourself as an illustrator. From character design, to theories of color and space, and digital painting techniques, this program will help you develop as a visual storyteller and a professional.

With a strong emphasis in observational drawing, you'll also acquire skills, such as figure drawing for illustrators and children's book illustration, while developing the conceptual, technical, and business skills necessary when becoming an illustrator.

PROGRAM OUTCOMES

Program outcomes can be found in the RMCAD Academic Catalog and serve the Institutional Learning Outcomes. These are Rocky Mountain College of Art + Design's overarching goals and competencies, which include: cultural competence, communication competence, design competence, and critical thinking. GO BEYOND THE SKETCHBOOK
Successful illustrators use their imagination and mastery of traditional drawing and painting skills
to prove that a picture really is worth a thousand words.

ILLUSTRATIVE DESIGN

ROCKY MOUNTAIN COLLEGE OF ART + DESIGN
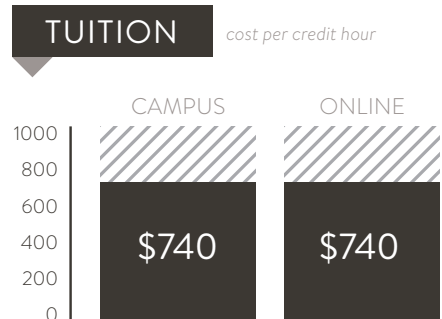

RMCAD

est.1963

DENVER, COLORADO
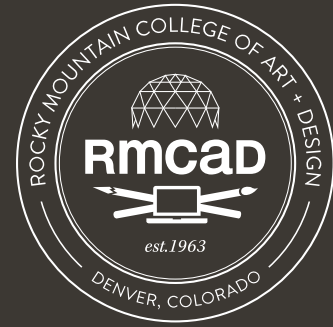

As a student in the Illustrative Design BFA degree program (on campus or online), you'll receive hands-on training that prepares you for the real world of professional design. You'll learn the technology, tools, and skills as they relate to art and illustration design including the ability to identify, locate, evaluate, and effectively and responsibly use digital art and design software technology, tools, and skills for sustainable practice.

Students also develop an understanding of applying these skills to graphic design problems such as logo design, branding, motion graphics, infographics and print design. The program is one of few BFA programs that offer a degree in Illustrative Design.

PROGRAM OUTCOMES

Program outcomes can be found in the RMCAD Academic Catalog and serve the Institutional Learning Outcomes. These are Rocky Mountain College of Art + Design's overarching goals and competencies, which include: cultural competence, communication competence, design competence, and critical thinking. INTERIOR DESIGN

ROCKY MOUNTAIN COLLEGE OF ART + DESIGN
RMCAD
est.1963
DENVER, COLORADO
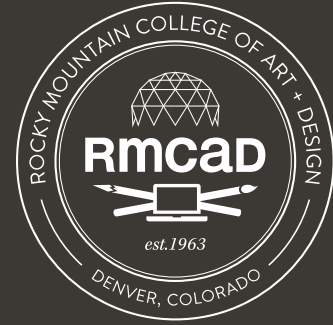

As a student in the CIDA accredited Interior Design BFA degree program (on campus or online), you'll learn from qualified instructors who are working industry professionals. You'll learn the essential elements of interior design, including drafting, building systems and construction, technical drawing conventions, interior lighting design, fixtures and equipment, construction document implementation, building codes and regulations, design project management, and much more.

RMCAD's bachelor's degree in interior design curriculum encompasses a variety of disciplines that include elements of architecture, environmental design, graphic design, color theory, ergonomics, and industrial design to give interior design degree students a broad base of knowledge to draw upon. There is also a focus on design practices that are environmentally responsible, which can be learned further through the degree's sustainability specialization.

PROGRAM OUTCOMES

Program outcomes can be found in the RMCAD Academic Catalog and serve the Institutional Learning Outcomes. These are Rocky Mountain College of Art + Design's overarching goals and competencies, which include: cultural competence, communication competence, design competence, and critical thinking. In addition to meeting program outcomes, students enrolled in Interior Design will also fulfill requirements in Liberal Arts and Foundations.

Optional Specialization: Sustainable Design
